Sub : Training Programme on “**Co-processing of Alternate Fuels in Cement Industry**” to be held at NCB-Ballabgarh from **21-22 November 2017**.

CALL FOR NOMINATIONS

Dear Sir/Madam

NCB's Centre for Continuing Education Services (CCE) is organizing a two-days Training Programme on **Co-processing of Alternate Fuels in Cement Industry** at our **Ballabgarh Unit** commencing from **21-22 November 2017**.

The course aims at imparting knowledge on the need of using alternate fuels, types of alternate fuels with their potential of co-processing, system design for co-processing, affects of use of alternate fuels on reducing global warming including use of wastes both hazardous and non-hazardous in cement manufacture. It is designed for Production Managers, Process/Mechanical engineers and managers of cement plants. A brief note setting out the course contents, venue, fee etc. is overleaf for your perusal. The programme will bring together the professionals of various organizations from all over the country to share their experience and exchange of ideas..

We hope you will find the programme beneficial and nominate as many participants as possible from your esteemed organization. Please send us the nominations well in advance, preferably before **14 November 2017**, by returning the enclosed enrolment form duly completed, as it will help us to plan and conduct the programme in the best possible manner.

Thanking you and assuring you of our best services.

Yours faithfully

For National Council for Cement and Building Materials

Dr. S K Breja

PTO

Co-processing of Alternate Fuels in Cement Industry

Intended for

It is designed for Production Managers, Process/Mechanical engineers and managers of cement plants.

Objective

The programme aims at imparting knowledge on the need of using alternate fuels, types of alternate fuels with their potential of co-processing, system design for co-processing, affects of use of alternate fuels on reducing global warming including use of wastes both hazardous and non-hazardous in cement manufacture.

Course Contents

- Overview of Co-processing
- Co-processing of MSW in cement industry
- System design for AF co-processing
- Optimization of Co-processing
- System requirements for Co-processing & Trial runs
- Case studies

Duration and Timings

2 days (21-22 November 2017); 10.00 AM to 05.00 PM

Course Fee

Non-Residential

₹ 8500/- plus G.S.T. @ 18%

Residential

₹13600/- plus G.S.T. @ 18%

[Limited residential accommodation is available in the hostel located within the campus of NCB Ballabgarh. The accommodation is booked on first-come-first-serve basis only].

Mode of Payment

By SB Collect Portal (steps attached for reference) or through RTGS/NEFT in favour of National Council for Cement and Building Materials

Details for ECS Payment : State Bank of India, CRI Faridabad Branch, Faridabad-121004

SB Account No.: **10383962218**

MICR Code: **110002194**

IFSC Code: **SBIN0003794**

PAN No.: **AAATN2477N**

TAN No.: **DELN09625A**

STC No.: **AAATN2477NST002**

Discount on Course Fee

A discount of 10% and 15% on the course fee will be extended if an organization nominates 3 and 4 or more participants respectively for the course.

Certification of Participation

NCB will issue a certificate of participation on conclusion of the training course.
